

Public Law 96-560  
96th Congress

An Act

To designate certain National Forest System lands in the States of Colorado, South Dakota, Missouri, South Carolina, and Louisiana for inclusion in the National Wilderness Preservation System, and for other purposes.

Dec. 22, 1980

[H.R. 5487]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

National Forest  
System lands,  
designations.

TITLE I

STATEMENT OF FINDINGS AND POLICY

SEC. 101. (a) The Congress finds that—

(1) many areas of undeveloped National Forest System lands in the State of Colorado possess outstanding natural characteristics which give them high values as wilderness and will, if properly preserved, contribute as an enduring resource of wilderness for the benefit of the American people;

(2) the Department of Agriculture's second Roadless Area Review and Evaluation (RARE II) of National Forest System lands in the State of Colorado and the related congressional review of such lands have identified areas which, on the basis of their landform, ecosystem, associated wildlife, and location, will help to fulfill the National Forest System's share of a quality National Wilderness Preservation System; and

(3) the Department of Agriculture's second Roadless Area Review and Evaluation of National Forest System lands in the State of Colorado and the related congressional review of such lands have also identified areas which do not possess outstanding wilderness attributes or which possess outstanding energy, mineral, timber, grazing, dispersed recreation and other values and which should not now be designated as components of the National Wilderness Preservation System but should be available for nonwilderness multiple uses under the land management planning process and other applicable laws.

(b) The purposes of this title are to—

(1) designate certain National Forest System lands in the State of Colorado as components of the National Wilderness Preservation System, in order to promote, perpetuate, and preserve the wilderness character of the land, protect watersheds and wildlife habitat, preserve scenic and historic resources, and promote scientific research, primitive recreation, solitude, physical and mental challenge, and inspiration for the benefit of all the American people, to a greater extent than is possible in the absence of wilderness designation; and

(2) insure that certain other National Forest System lands in the State of Colorado be available for nonwilderness multiple uses.

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II Final Environmental Statement (dated January 1979) with respect to National Forest System lands in States other than Colorado, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of Colorado;

SEC. 108. note.  
16 USC 1131

SEC. 109. The Secretary of Agriculture is directed to review all policies, practices, and regulations of the Department of Agriculture regarding disease or insect outbreaks, forest fires, and the use of modern suppression methods and equipment in National Forest System components of the National Wilderness Preservation System in the State of Colorado, to insure that—

(a) such policies, practices, and regulations fully conform with and implement the intent of Congress regarding forest fire, disease and insect control, as such intent is expressed in the Wilderness Act and this Act; and

(b) policies, practices, and regulations are developed that will allow timely, and efficient fire, insect, and disease control, to provide, to the extent reasonably practicable, adequate protection of adjacent Federal, State, and private nonwilderness lands from forest fires and disease or insect infestations.

SEC. 110. Congress does not intend that designation of wilderness areas in the State of Colorado lead to the creation of protective perimeters of buffer zones around each wilderness area. The fact that nonwilderness activities or uses can be seen or heard from areas within the wilderness shall not, of itself, preclude such activities or uses up to the boundary of the wilderness area.

SEC. 111. (a) The boundaries of Rocky Mountain National Park, the Roosevelt National Forest, and the Arapaho National Forest are revised as generally depicted on the map entitled "Boundary Adjustments, Rocky Mountain National Park", numbered 121-80,047, dated October 1, 1979, which shall be on file and available for public inspection in the Office of the Director, National Park Service,

16 USC 460jj  
note.

(b) The Secretary of the Interior, with respect to lands added or transferred by this Act to Rocky Mountain National Park, and the Secretary of Agriculture, with respect to lands added or transferred by this Act to Roosevelt and Arapaho National Forests, may acquire lands and interests in such lands, by donation, purchase with donated or appropriated funds, or by exchange. The Secretary of Agriculture, under the provisions of the Act of March 20, 1922 (42 Stat. 465), as amended, may accept on behalf of the United States title to any land in section 30, township 7 north, range 73 west, of the sixth principal meridian which lies within the boundary of Rocky Mountain National Park as revised by this Act, in exchange for which the Secretary of the Interior, notwithstanding section 8(a) of the Wild and Scenic Rivers Act (Public Law 90-542, 82 Stat. 906), is authorized to issue patent to lands lying within the Cache La Poudre Wild and Scenic River study corridor. Upon completion of the exchange, the Secretary of Agriculture shall transfer to the administrative jurisdiction by the Secretary of the Interior the portion of such land lying within the boundary of the Rocky Mountain National Park as revised by this Act.

16 USC 485, 486.

16 USC 1279.

(e) If after the completion of two complete fiscal years following the date of enactment of this Act the Secretary of the Interior has not purchased interests in the lands of approximately one thousand two hundred acres known as the Old McGregor Ranch located within the area referred to as E-2 on the map referred to in subsection (a), and the owner of such lands petitions the Secretary to exclude such lands from Rocky Mountain National Park, the Secretary shall by publication of a revised boundary description in the Federal Register return

the boundary of Rocky Mountain National Park in such area E-2 to the boundary as it existed before the enactment of this Act.

(f) The Secretary of the Interior shall convey, to the city of Grand Lake, Colorado, without compensation or consideration, the lands, not to exceed two acres, within the area referred to as GL-5 on the map referred to in subsection (a).

(g) The Secretary of the Interior may provide for the use of snowmobiles along the East Shore Trail of Shadow Mountain Lake if after study the Secretary determines such use will not result in any significant adverse impact upon wildlife.
