(c) The Congress finds that certain lands within the Gallatin National Forest near Monument Mountain have important recreational and wildlife values, including critical grizzly bear and elk habitat. In order to conserve and protect these values, the area lying adjacent to the Monument Mountain and Taylor-Hilgard units of the Lee Metcalf Wilderness as designated by this Act and comprising approximately thirty-eight thousand acres, as generally depicted on the map entitled "Lee Metcalf Wilderness—Proposed", dated October 1983, shall be managed to protect the wildlife and recreational values of these lands and shall be hereby withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral leasing and geothermal leasing, and all amendments thereto. The area shall further be administered by the Secretary of Agriculture to maintain presently existing wilderness character, with no commercial timber harvest nor additional road construction permitted. The Secretary shall permit continued use of the area by motorized equipment only for activities associated with existing levels of livestock grazing, administrative purposes (including snowmobile trail maintenance) and for snowmobiling during periods of adequate snow cover but only where such
