Code:
Subject: 2007 Wilderness Ranger Rendezvous

Date: May 17, 2007

To: Forest and Grasslands Supervisors

REPLY DUE JUNE 15, 2007

The 2007 Wilderness Ranger Rendezvous will take place at the Fenn Ranger Station on the Nez Perce National Forest, July 8-10, 2007. Immediately following the Rendezvous there will be a two day Leave No Trace Trainers class also located at the Fenn Station.

A team of wilderness rangers developed the agenda that will provide something for everyone. The agenda is attached. This is a great opportunity for our wilderness rangers to get together and rekindle or build friendships, pick up new information and ideas and discuss issues.

The LNT Workshop will be taught using the curriculum that was developed by LNT Inc and taught by some of the Region's LNT Masters. For more information on the LNT Workshop, please contact Kearstin Edwards at kedwards@fs.fed.us or (208) 942-0304.

Sleeping Accommodations:

Primitive car camping accommodations are available at the Johnson Bar Campground on the Wild and Scenic Selway River, less than ½ mile from the Fenn Station, a perfect bicycle distance. Participants will need to provide a personal tent, sleeping bag, pad, towel and other personal gear. There is a non-camping option at the Three Rivers Motel (5 miles away). Showers may be available on a limited basis. Accommodations are the same for both sessions.

Meals:

Meals will be provided at the cook house at Fenn and the cost will be covered by the Regional Office.

Please fill out the enclosed registration form and send it to Mary Fields, mfields@fs.fed.us by no later than June 15th. Be sure to include any special dietary needs.

More information will be provided to those who register. Attendees should be prepared for a variety of weather conditions and dress accordingly.

If you have questions, please contact Chris Ryan at cryan@fs.fed.us, (406) 329-3522 or Mary Fields at mfields@fs.fed.us or (406) 329-3451. Register now!

THOMAS PUCHLERZ
Director of Recreation, Minerals, Lands, Heritage and Wilderness
