1. The Partner agrees to:

- a. Provide basic labor, gloves and goggles (when needed), and common tools and equipment. This includes providing the group's own camping gear, supplies, and food.
- b. Schedule at least **3** work trips per season for group members.
- c. Schedule and coordinate with the District representative at least 30 days in advance of each work trip.
- d. Ensure that volunteer participants sign the individual volunteer agreement prior to starting any work on the trail, and return the agreements to the District representative within one month of signing.
- e. Provide necessary adult supervision and leadership for the group when work is being done, including attendance at a Forest Service trail maintenance workshop.
- f. Furnish the Forest Service with a written report of the work accomplished and volunteer hours provided by the group at the end of each month that work is performed, using the trail maintenance log sheets provided by the Forest Service.

2. The Forest Service agrees to:

- a. Provide trail maintenance standards, technical advice, guidance, and inspection as may be necessary for the proper conduct of the project work.
- b. Provide annual training for the PARTNERS that will be leading the trail maintenance work.
- c. Provide individual volunteer agreements and trail log sheets to the group.
- d. Furnish special project equipment or special work tools when necessary.
- e. Provide signing indicating that the **ABC** Trail is being maintained by the group under the Adopt-A-Trail Program for the duration of time that the trail is officially adopted by the organization.

3. It is understood by both parties that:

- a. The group does not expect reimbursement for incidental expenses, except as a reimbursement plan may occasionally be set forth in a separate agreement.
- b. Claims under this agreement are subject to evaluation, just as are those from any other party.
- c. Any improvements constructed under this agreement will become the property of the United States.
- d. Management of the trail(s), including seasonal closures if necessary, will remain the responsibility of the Forest Service.
- e. No special privileges or exceptions will be granted to the group, except as needed to perform the work, or as outlined herein.
- f. This agreement is supplemental to the form(s) FS-1800-8 (Agreement for Sponsored Voluntary Services), attached.

Work Description:

All work will be done to conform to the standards set forth in EM-7720-102 Standard Specifications for Construction of Trails, or as directed by Forest Service personnel assigned to this project. Work may include the removal of brush and trees or limbs within clearing limits, rock removal, excavation of rock and soil to form a trail bed and trail tread and the construction of minor drainage structures or creek crossings.
